

Project: Arroyo Viejo Recreation Center (July 17-20th, 2006)

Duties:

- Removed exotic, non-native and invasive species from creek-side areas.
- Restored urban watershed habitat and provided general clean-up of park and recreational areas.

Exotic, non-native and invasive species removed:

Bristly Ox-Tongue
(*Picris echioides*)

Nut Sedge
(*Cyperus eragrostis*)

Himalayan Blackberry
(*Rubus discolor*)

Habitat restored for native species:

Horsetail
(*Equisetum telmateia*)

California Blackberry
(*Rubus ursinus*)

Coyote Brush
(*Baccharis pilularis*)
